Presbyterian Church, Fullerton, Nebr

Wed.

Dear Sister Hope you are well. Got your POST CARD

I am so glad the folks are going to take a trip. I think it is about time. I would have liked so much to have went up there before you went away. but Mr Johnson said it could not be safe to take Lucile where there were children. I wish you folks could come down before you go. The children has been wondering if Aunt Mary would not bring each one of them a doll from Ireland if you think you would have room to bring them I will send you the money for them before you go. I hope you will have a good time & come back well

Lovingly Isabella
